Editorial Review

From the Back Cover

Acclaimed for its clarity, *Exchange Rates and International Finance* provides an approachable guide to the causes and consequences of exchange rate fluctuations, enabling you to grasp the essentials of the theory and its relevance to major events in currency markets.

The sixth edition appears against the background of a world only just recovering from the worst financial collapse in modern history and the ongoing crisis in the Eurozone. Since the last edition, this widely-used textbook has been extensively revised and restructured, with the addition of new material to take account of the most important events of recent years.

NEW TO THE SIXTH EDITION

- A new chapter on heterogeneous information, the exchange rate disconnect puzzle and the scapegoat model
- Extended coverage of risk and the currency carry trade
- New material on the 2008 banking crisis
- Extended coverage of the Eurozone crisis
- Discussion of China – US trade relations

This book is ideal for students of international finance, international macroeconomics or international money as a part of an economics or business programme at advanced undergraduate, MBA or specialist Masters levels.

Laurence Copeland is Emeritus Professor of Finance and Director of the Investment Management Research Unit at Cardiff University, UK.
