As a scholar exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like.
