Editorial Review

Review

"The level of detail for the many topics covered is very good. Complete information is given, including exactly what should be done." Marsha Powell Instructor Tompkins-Cortland Community College

"[The text contains] lots of practical information including little details that give life to the procedures. Students are attracted by these glimpses of the real-world." --Dean Farwood, Heald College

About the Author

Bill Nelson has been a computer forensics examiner for a Fortune 50 company for the past 12 years and has developed high-tech investigation programs for professional organizations and colleges. His previous experience includes AFIS software engineering and reserve police work.

Amelia Phillips is a graduate of the Massachusetts Institute of Technology and has worked for more than 30 years in government, private industry, and academics. She has designed distance education classes and e-commerce, computer forensics, and network security programs at several community colleges. Amelia is Chair of the Pure and Applied Science Division at Highline Community College, a Fulbright Scholar, and a recent PhD in computer security.

Frank Enfinger, from Suquamish, Washington, is a tenured faculty member at North Seattle Community College and a Computer Forensics Specialist with a local police department. He holds a degree in Computer Science.

Christopher Stuart is one of the founders and the staff attorney for IT Forensics.com. Previously, he was an information systems security specialist for a Fortune 50 company and the United States government. Chris resides in Seattle, Washington.

Users Review
