A History of the Western Educational Experience By Gerald L. Gutek

This comprehensive volume examines the impact on education of such momentous world events as the ascendancy of neo-Conservatism, the collapse of the Soviet system, the end of the Cold War, the reunification of Germany, and the resurgence of ethnonationalism. It creates an historical perspective by identifying and analyzing the significant formative ideas and institutions that have shaped the Western educational heritage.

Editorial Review

Review

"The author delivers what he promises: an overview of the history of education in the West. The book is well written and easy to understand, and it defines the terms used. It provides the reader with a great deal of information about key persons and events that have shaped that history and, thus, the educational systems, practices, theories, and organizations found in the West." --*Comparative Education Review, August 1996*

Users Review

From reader reviews:

Jennie Groth:

The book A History of the Western Educational Experience gives you the sense of being enjoy for your spare time. You should use to make your capable considerably more increase. Book can for being your best friend when you getting anxiety or having big problem using your subject.
