By J. Russell Guest, Bartholomew D'Arcangelo, Benedict D'Arcangelo

**Blueprint Reading for Plumbers in Residential & Commercial (Blueprint Reading Series)** By J. Russell Guest, Bartholomew D'Arcangelo, Benedict D'Arcangelo

This one-of-a-kind text develops the ability to interpret trade blueprints and to plan the installation of the required plumbing. All content in this edition has been updated to the latest code, pipe and fitting materials, and fixture design. The text is divided into four concise sections, covering the types of piping drawings which a plumber must be able to interpret, the principles and applications of isometric sketching, and mastering the reading of trade blueprints; the final section discusses the special problems encountered in commercial plumbing installations, with a full set of blueprints of an actual two-story commercial building for student application. This book should be of interest to post-secondary vocational plumbing students.
