Revolt Against the Modern World By Julius Evola

No idea is as absurd as the idea of progress, which together with its corollary notion of the superiority of modern civilization, has created its own “positive” alibis by falsifying history, by insinuating harmful myths in people’s minds, and by proclaiming itself sovereign at the crossroads of the plebeian ideology from which it originated.

In order to understand both the spirit of Tradition and its antithesis, modern civilization, it is necessary to begin with the fundamental doctrine of the two natures. According to this doctrine there is a physical order of things and a metaphysical one; there is a mortal nature and an immortal one; there is the superior realm of “being” and the inferior realm of “becoming.” Generally speaking, there is a visible and tangible dimension and, prior to and beyond it, an invisible and intangible dimension that is the support, the source, and the true life of the former.

--from chapter one

This present “civilization” . . . has brought to all strata of society and to all races the following “gifts”: restlessness, dissatisfaction, resentment, the need to go further and faster, and the inability to possess one’s life in simplicity, independence, and balance. Modern civilization has pushed man onward; it has generated in him the need for an increasingly greater number of things; it has made him more and more insufficient to himself and powerless.

--from chapter thirty?five

Even though it may be destined to disappear, modern civilization is certainly not the first to become extinct, nor is it the one after which none will follow. In the life of what is conditioned by space and time, lights are continually being put out and kindled again; cycles end and new ones begin. As I have said, the doctrine of the cycles was known to traditional man, and only the ignorance of modern man has induced him to believe that his civilization, which is characterized by the deepest roots in the temporal and contingent element, will enjoy a different and privileged fate.

--from the conclusion

With unflinching gaze and uncompromising intensity Julius Evola analyzes the spiritual and cultural malaise at the heart of Western civilization and all that passes for progress in the modern world. As a gadfly, Evola spares no one and nothing in his survey of what we have lost and where we are headed. At turns

prophetic and provocative, *Revolt against the Modern World* outlines a profound metaphysics of history and demonstrates how and why we have lost contact with the transcendent dimension of being.

The revolt advocated by Evola does not resemble the familiar protests of either liberals or conservatives. His criticisms are not limited to exposing the mindless nature of consumerism, the march of progress, the rise of technocracy, or the dominance of unalloyed individualism, although these and other subjects come under his scrutiny. Rather, he attempts to trace in space and time the remote causes and processes that have exercised corrosive influence on what he considers to be the higher values, ideals, beliefs, and codes of conduct--the world of Tradition--that are at the foundation of Western civilization and described in the myths and sacred literature of the Indo-Europeans. Agreeing with the Hindu philosophers that history is the movement of huge cycles and that we are now in the Kali Yuga, the age of dissolution and decadence, Evola finds revolt to be the only logical response for those who oppose the materialism and ritualized meaninglessness of life in the twentieth century.

Through a sweeping study of the structures, myths, beliefs, and spiritual traditions of the major Western civilizations, the author compares the characteristics of the modern world with those of traditional societies. The domains explored include politics, law, the rise and fall of empires, the history of the Church, the doctrine of the two natures, life and death, social institutions and the caste system, the limits of racial theories, capitalism and communism, relations between the sexes, and the meaning of warriorhood. At every turn Evola challenges the reader's most cherished assumptions about fundamental aspects of modern life.

A controversial scholar, philosopher, and social thinker, JULIUS EVOLA (1898-1974) has only recently become known to more than a handful of English-speaking readers. An authority on the world's esoteric traditions, Evola wrote extensively on ancient civilizations and the world of Tradition in both East and West. Other books by Evola published by Inner Traditions include *Eros and the Mysteries of Love*, *The Yoga of Power*, *The Hermetic Tradition*, and *The Doctrine of Awakening*.

Editorial Review

Review

"*Revolt Against the Modern World* is destined to remain an essential work and frame-of-reference for anyone seriously involved in native European spirituality." (*Michael Moynihan, Vortru*)

"Evola does not write in abstract philosophical language but in lively prose, filled with fascinating and concrete details. Given a basic grounding in history and culture, one can dip into the book anywhere and find new twists and reinterpretations. Such an encounter with a totally original mind is a rarity in these days of bland consensus, and a thrilling one whether one agrees with Evola or not." (*Joscelyn Godwin, Gnosis Magazine*)

Language Notes

Text: English (translation)

About the Author

A controversial scholar, philosopher, and social thinker, Julius Evola (1898-1974) has only recently become known to more than a handful of English-speaking readers. An authority on the world's esoteric traditions, Evola wrote extensively on ancient civilizations and the world of Tradition in both East and West. Other books by Evola published by Inner Traditions include *Eros and the Mysteries of Love*, *The Yoga of Power*, *The Hermetic Tradition*, and *The Doctrine of Awakening*.

Users Review

From reader reviews:

Richard Vazquez:

The book *Revolt Against the Modern World* gives you the sense of being enjoy for your spare time. You should use to make your capable far more increase. Book can for being your best friend when you getting strain or having big problem using your subject. If you can make reading through a book *Revolt Against the Modern World* to be your habit, you can get far more advantages, like add your own capable, increase your knowledge about many or all subjects. You are able to know everything if you like open up and read a publication *Revolt Against the Modern World*. Kinds of book are a lot of. It means that, science reserve or encyclopedia or other individuals. So , how do you think about this reserve?

Cheryl Estrella:

Here thing why this specific *Revolt Against the Modern World* are different and trusted to be yours. First of all studying a book is good however it depends in the content from it which is the content is as delicious as food or not. *Revolt Against the Modern World* giving you information deeper as different ways, you can find any e-book out there but there is no e-book that similar with *Revolt Against the Modern World*. It gives you thrill reading through journey, its open up your personal eyes about the thing that happened in the world which is possibly can be happened around you. You can bring everywhere like in playground, café, or even in your means home by train. When you are having difficulties in bringing the printed book maybe the form

of Revolt Against the Modern World in e-book can be your alternative.

Shirley Davenport:

Reading a book to be new life style in this yr; every people loves to examine a book. When you learn a book you can get a large amount of benefit. When you read textbooks, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what types of book that you have read. In order to get information about your study, you can read education books, but if you act like you want to entertain yourself look for a fiction books, such us novel, comics, as well as soon. The Revolt Against the Modern World provide you with a new experience in studying a book.

Robert Cox:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Revolt Against the Modern World can make you experience more interested to read.
