Solid Heart (Unseen Enemy Book 7) By Marysol James

Five years ago, Doctor Francine Cabot left Canada, looking for a new start. She moved to Denver, and she now dedicates her life to helping women and children move beyond trauma that they've suffered at the hands of men. She's smart, and strong, and has more than a hint of sass – and all of that makes her undeniably attractive to two men. One is safe and steady; the other one most definitely is not.??

Mark Hayden is a former trauma doctor, former battle surgeon, now a bodyguard and Number Two at Solid Security. He's dedicated his life to protecting and helping others, and he makes it his mission to step in between danger and anyone threatened by it. He's interested in Francine – every inch of his muscular, hulking frame is interested – but she's in someone else's sights, too. Someone not nearly as safe as Mark, someone who wishes her serious harm.

When Francine disappears in to a blizzard, taken by a man that she helped to put in jail years before, Mark's instinct is to find her at all costs. As Mark races against time, his search for the woman that he loves will mean pushing his boundaries, both personal and professional. If he blows past those boundaries, and he takes a life out of revenge and rage, will he be able to come back to himself? And if that lonely mountain cabin becomes Francine's final resting place, will he even care if he never comes back?

Editorial Review

From the Author

Dear readers,

A few quick notes:

First, 'Solid Heart' is the SEVENTH book in the 'Unseen Enemy' series and it picks up within weeks of where Book 6 ended. For that reason, I highly recommend that you read ALL the previous books, so you can fully understand the characters' back stories.

Second, the heroine in 'Solid Heart' is the target of an abusive man's dangerous focus, and there are some disturbing events described in this book. She suffers an intense physical attack, and it's described in some detail... please be aware of that when purchasing.

And finally, I love to write steamy, sexy, slinky romances, so yes indeed, the love scenes are descriptive. Some graphic language is used, so please be prepared for that when considering downloading one of my books. Thank you so much for your interest and support!

Warmly,

Marysol

Users Review

From reader reviews:

John Dearman:

What do you think of book? It is just for students as they are still students or that for all people in the world, exactly what the best subject for that? Only you can be answered for that query above. Every person has diverse personality and hobby for each other. Don't to be pushed someone or something that they don't need do that.
