

## The Dark Side of Personality: Science and Practice in Social, Personality, and Clinical Psychology

By Virgil Zeigler-Hill, David K. Marcus

### The Dark Side of Personality: Science and Practice in Social, Personality, and Clinical Psychology By Virgil Zeigler-Hill, David K. Marcus

Dark personality traits are connected to a host of behavioral and interpersonal problems. To better understand and address these problems, this book unites personality psychology and clinical psychology to provide an interdisciplinary taxonomy of dark personality traits. It expands upon the Dark Triad—narcissism, psychopathy, and Machiavellianism—to encompass traits that have largely been ignored or not characterized as dark (e.g., spite, authoritarianism, and perfectionism). Drawing from recent research on the Big Five personality dimensions, each trait is presented as a complex spectrum of adaptive and maladaptive features with unique clinical implications.

### Editorial Review

Review

This is an exceptionally timely work. --**PsycCRITIQUES**

About the Author

**Virgil Zeigler-Hill, PhD**, is an associate professor and the director of graduate training for the Department of Psychology at Oakland University, Rochester, Michigan. His primary research interests are in three interrelated areas: (a) dark personality features (e.g., narcissism, spitefulness), (b) self-esteem, and (c) interpersonal relationships.

**David K. Marcus, PhD**, is a professor and the chair of the Department of Psychology at Washington State University, Pullman. He is the author of more than 75 journal articles. Much of his work focuses on psychopathy and antisocial behavior, but his research interests are diverse and include studies on spitefulness, hypochondriasis, psychotherapy outcomes and processes, and interpersonal perception.

### Users Review

From reader reviews:

**Daniel Hartung:**
