Zombie CSU: The Forensics of the Living Dead By Jonathan Maberry

When there's no more room in hell, the dead will walk the earth. . .

And law enforcement is ready to take them down!

Since *Night of the Living Dead*, zombies have been a frightening fixture on the pop culture landscape, lumbering after hapless humans, slurping up brains and veins and whatever warm, fleshy matter they can clench in their rotting limbs. But what if they were real? What would happen if, tomorrow, corpses across the nation began springing up out of their graves and terrorizing the living?

Employing hard science and solid police work--not to mention jaw-dropping (literally!) humor--*Zombie CSU* is the only guide you need to make it through alive--not undead. At last you can:

- Investigate zombie crime scenes, collecting and analyzing evidence of zombie attacks, and create a "murder book."

- Examine the psychology of the zombie and develop a perp profile.

- Observe medical science pros as they probe felled zombies for forensic clues.

- Devise a zombie apocalypse survival scorecard and more!

Complete with lists of must-see zombie flicks from around the globe and tons of tips for kicking undead butt, *Zombie CSU* features hundreds of interviews with

real zombie experts, forensics experts, detectives, filmmakers, and more.

Special guest stars: Tony Todd, Brian Keene, Patricia Tallman, David Wellington, James Gunn, Robert Kirkman, Dr. Wade Davis, Robert Sacchetto, Zombie Squad, Ramsey Campbell, Kim Paffenroth, Jamie Russell, Michael "CJ" Kelly, Bruce "Andy" Bohne, and dozens more!

"Fascinating! An indispensable tool for anyone contemplating tackling a festering corpse onslaught." -- Fearzone.com

"Candid, eye-opening, cutting-edge, startling . . . the existence of zombies may not be so far-fetched after all." --*Rue Morgue*
