Angel Words: Visual Evidence of How Words Can Be Angels in Your Life By Doreen Virtue, Grant Virtue

When **Doreen** and her son **Grant Virtue** were recording podcasts, they noticed that whenever she said the word *angel*, the recording graphics were shaped like angel wings! So they studied the other words she said and realized that those with a spiritual or loving basis had large graphs. So they experimented with saying negative words and found that their appearance was completely different: tight and small.

Similar to Masaru Emoto's work with water crystals, *Angel Words* gives visual proof of the power and impact of speaking in a loving way. You'll come to understand why positive words express the most energy and therefore have the most power to manifest your dreams. You'll also see how negative words have low energy and read how they can actually draw negative experiences to you.

This unforgettable book will immediately motivate you to choose positive words!
