- Create Force.com applications, automate business processes, and manage data operations to be a successful Salesforce.com Certified Force.com app builder
- A step-by-step guide that covers the most essential topics for the Platform App Builder Certification in an easy-to-understand format

Book Description

The Salesforce Certified Platform App Builder exam is for individuals who want to demonstrate their skills and knowledge in designing, building, and implementing custom applications using the declarative customization capabilities of Force.com.

This book will build a strong foundation in Force.com to prepare you for the platform app builder certification exam. It will guide you through designing the interface while introducing the Lightning Process Builder. Next, we will implement business logic using various point and click features of Force.com. We will learn to manage data and create reports and dashboards. We will then learn to administer the force.com application by configuring the object-level, field-level, and record-level security.

By the end of this book, you will be completely equipped to take the Platform App Builder certification exam.

What you will learn

- Learn the basics of the force.com cloud platform
- Learn to build objects that align with your business
- Understand the process of building an application on force.com platform
- Kick-start your certification journey in basic- easy-to-follow guide
- Focus on important topics that help you accomplish your certification goals
- Learn to secure your application with the Salesforce security model
- Manipulate and process large amount of data using the data tools
- Prepare for the exam with sample mock questions

About the Author

Siddhesh Kabe calls himself the monk who sold his computer for the cloud. He has had a rock-solid career in consulting, training, designing, developing, and advocating the Force.com platform for 8 years. He has five certifications in Salesforce. He likes to break into things—code and gadgets—and believes that, given enough coffee, anything can be hacked into.

His other published work includes a science-fiction satire called Ragnarok and a fantasy graphic novel entitled Agatya. Apart from this, he is an active member of the Force.com community and owns an active blog (<http://force.siddheshkabe.co.in>). He is also the leader of the Force.com Pune Users Group.

Users Review

From reader reviews:

Janice Nolan:

This Salesforce Platform App Builder Certification Handbook are usually reliable for you who want to be a successful person, why. The main reason of this Salesforce Platform App Builder Certification Handbook can be on the list of great books you must have is actually giving you more than just simple looking at food but feed an individual with information that perhaps will shock your prior knowledge. This book is handy, you can bring it all over the place and whenever your conditions both in e-book and printed versions. Beside that this Salesforce Platform App Builder Certification Handbook forcing you to have an enormous of experience for example rich vocabulary, giving you test of critical thinking that we all know it useful in your day pastime. So , let's have it and luxuriate in reading.

Eric Frances:

This Salesforce Platform App Builder Certification Handbook is brand new way for you who has interest to look for some information since it relief your hunger of information. Getting deeper you onto it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this Salesforce Platform App Builder Certification Handbook can be the light food to suit your needs because the information inside this specific book is easy to get simply by anyone. These books produce itself in the form which is reachable by anyone, sure I mean in the e-book application form. People who think that in publication form make them feel tired even dizzy this publication is the answer. So there is absolutely no in reading a reserve especially this one. You can find actually looking for. It should be here for you actually. So , don't miss that! Just read this e-book kind for your better life as well as knowledge.

Brian Wallace:

As a pupil exactly feel bored in order to reading. If their teacher expected them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Salesforce Platform App Builder Certification Handbook can make you sense more interested to read.

Arthur Pineda:

What is your hobby? Have you heard that will question when you got college students? We believe that that issue was given by teacher to their students. Many kinds of hobby, All people has different hobby. Therefore you know that little person just like reading or as reading through become their hobby. You must know that reading is very important as well as book as to be the point. Book is important thing to incorporate you knowledge, except your personal teacher or lecturer. You will find good news or update in relation to something by book. Different categories of books that can you decide to try be your object. One of them is Salesforce Platform App Builder Certification Handbook.
