### Editorial Review

#### Review

"This is a series with a whole bunch of potential and I can't wait to read more. Definitely recommended for all fans of YA/Paranormal." ~Merissa for YA Insider

#### From the Author

*The Hunter's Moon*, book one in *The Secret Warrior Series*, was inspired by my love of history, fantasy, and fascination with the mountain people and Native Americans. Living in the Shenandoah Valley of Virginia surrounded by mountains veiled in mist and mystery lends itself well to creating the characters and setting for *The Hunter's Moon*, and the stories that follow as the series unfolds. Some of the characters and creatures are based on lore I've learned over the years--lore some people swear is true. Others appeared to me, as characters have a way of doing. Out of the mist. A great deal of research and intuition went into writing *The Hunter's Moon* and the series. I hope you will enjoy it and the stories yet to come. Next is book two, *Curse of the Moon*, followed by book three, *The Panther Moon* I advise reading the series in order.
