Dex: MC Biker Romance (Great Wolves Motorcycle Club Book 1) By Jayne Blue

Meet the sexy, dangerous, tortured men of the Great Wolves M.C. and the strong women they love.

Dex - When they locked me away for another man's crime they called it justice. When they set me free they called that justice too. But their damned justice cost me my freedom, my family, my club, and the only woman I ever wanted ... Ava.

Now I'm back. Only two things have kept me sane all these years. I want to hurt the man responsible for sending me to prison and end his hold over the Great Wolves M.C. forever. And I want the feel of Ava's body beneath mine again. I need to watch the way she surrenders only to me and makes me whole. It's selfish of me to think Ava would wait for me.

But, I'm a selfish man and it's time for me to take back what's mine.

Ava - At night, sometimes I still dream of what it felt like when Dex touched me. He awakened things in me, made me burn for him like no other man has since. But those are just dreams, aren't they? The years, distance, and the battles I've fought have made me remember Dex as something more than he really was. Except now he's back, stirring my body and heart even though my head knows better. I can't let him take me back into his world...the club, the violence, the heartache.

I don't know if I can survive loving or losing him all over again and we both know there's only one way this can end.

*****This is a standalone, full length romance novel introducing the men of the Great Wolves M.C. Each book is interconnected and part of a series, but they can be read in any order and DO NOT contain cliffhangers. They DO contain dark themes and elements*****

Editorial Review

About the Author

Jayne Blue is two sisters who love writing romantic suspense featuring strong heroines and those hunky alpha men we all dream about. They got their start in the genre when they were little while cooking up elaborate plots for their Barbie dolls to the irritation of all their friends (Hey...she doesn't HAVE to be from Malibu just because that's what the box says!).
