

The Energy of Hebrew Letters: The Quantum Story of the Original Alphabet

By Rav P.S. Berg

The Energy of Hebrew Letters: The Quantum Story of the Original Alphabet By Rav P.S. Berg

According to the Zohar, among God's first creations were the 22 letters of the Hebrew alphabet. Kabbalah teaches that the alphabet, called "ivrit" in Hebrew, comes from the root word *lavir*, or *to transfer*. Far more than simple symbols of communication, the letters transfer energy from the Light of God into the physical world. The story of the letters as they pleaded their respective cases for the primary role in God's creative process is the blueprint by which Creation was made possible. In *Energy of the Hebrew Letters*, Rav Berg reveals the spiritual meaning and history of each of the 22 letters: how and why each was created, and what energy it transmits. Berg uses quantum physics to illustrate this bedrock of Kabbalah, proving that this truly is a time when physicists and metaphysicists are joining hands and minds.
