

Universal Human Rights in Theory and Practice

By Jack Donnelly

Universal Human Rights in Theory and Practice By Jack Donnelly

In the third edition of his classic work, revised extensively and updated to include recent developments on the international scene, Jack Donnelly explains and defends a richly interdisciplinary account of human rights as universal rights. He shows that any conception of human rights?and the idea of human rights itself?is historically specific and contingent. Since publication of the first edition in 1989, *Universal Human Rights in Theory and Practice* has justified Donnelly's claim that "conceptual clarity, the fruit of sound theory, can facilitate action. At the very least it can help to unmask the arguments of dictators and their allies."

Editorial Review

Review

"Every once in a while a book appears that treats the leading issues of a subject in such a clear and challenging manner that it becomes central to understanding that subject. *Universal Human Rights in Theory and Practice* is just such a book. Donnelly's interpretations are clear and argued with zest." *American Political Science Review* (reviewing a previous edition)

"This wide-ranging book looks at all aspects of human rights, drawing on political theory, sociology, and international relations as well as international law." *Foreign Affairs* (reviewing a previous edition)

"What Donnelly does better than anyone else is to lay before the reader a coherent conceptual framework for an understanding of international human rights as an operative part of international life. The book remains at the top of any bibliography of indispensable books dealing with human rights." *Human Rights & Human Welfare* (reviewing a previous edition)

About the Author

Jack Donnelly is Andrew Mellon Professor and John Evans Professor at the Josef Korbel School of International Studies at the University of Denver. His other books include *International Human Rights* and *Realism in International Relations*.

Users Review
