Higher Life Design: Arriving at Your Intended Destination Healthy, Wealthy, and Happy By Jefferson Santos

I walked down the sidewalk on my way to the mailbox fearing the worst. Rather than a friend, the mailbox seemed more like an assassin. Its favorite target? My pride. My future. And most devastating - my credit score. I wasn't financially irresponsible, but then again Donald Trump wasn't sitting at my feet to learn any tips about money management either. Truth is I was broke. Worse than that, I was broke and in the hole. Yep. Twenty-three years old, \$70K in debt, and living with my mom in her apartment. I was the essence of a self-made man. Except that I hadn't made anything yet and I definitely didn't feel like a man at the moment. Despite a large amount of entrepreneurial ambition for my new business start-up, life had me in a choke hold and I felt close to tapping out. Life held Author Jefferson Santos up against the ropes until he discovered the answer, the 7 steps that now make up the "Higher Life Design". Today a competent and confident entrepreneur, Jefferson earns over 7 figures. A quarter of a million strong, his international team grows daily. He's trained teams from A to Z from Amsterdam to Zimbabwe and everywhere else in between. His house and car are both paid for by his company and in the past 84 months he's taken 107 vacations. In this transformational book Jefferson will show you the 7 step model that changed his life. What if you had vibrant health, abundant wealth, and unending happiness? What if you got the exact results you wanted? Think it's too good to be true? Think again. Think Higher Life Design.

About the Author

Jefferson Santos grew up in Richardson, Texas, with his mom and siblings. He attended and played football at the U.S. Naval Academy and Texas Christian University. Despite possessing great entrepreneurial ambition for a new start-up business, by the age of 20 life had him in a choke hold. His bank account was in the red at -\$1,100 and his debt load of \$70,000 told a similar tale.

Jefferson decided he needed a change.

With a newfound commitment, he turned that decision into a reality by discovering the Higher Life Design. Over time, this process helped him earn several million dollars and build a team of more than 100,000 leaders in over 30 countries.

He’s since travelled the world and taken 107 vacations in 84 months. He’s trained teams from New York to Singapore, Amsterdam to Zimbabwe, and everywhere else in between. An energetic and inspirational speaker, he’s been blessed to share the stage with some of the biggest names in his industry--Dani Johnson, Brendon Burchard, Marcia Wieder, Cynthia Kersey, Loral Langemeier, Les Brown and Peter Diamandis. Most importantly, Jefferson has been able to build schools in Guatemala and other regions in desperate need of resources. Through “VolunTourism” he’s invested his time, talent, and treasures to those who need a hand up, not a hand out.

Jefferson shares the Higher Life Design with people who want to arrive at their intended destination healthy, wealthy, and happy. He and his wife, Megan, live in Texas with their two sons, Harrison and Livingston.
