Liver Transplantation By K Dilip Chakravarty, Lee WC, Jan YY, Chen YC, Lee Po-Huang

Doody Rating : 3 stars : This book “Liver Transplantation” is a complete book on liver transplantation which comprehensively describes almost every aspect of the liver transplantation including donor selection, surgical techniques practised in different types of transplantation, postoperative management, long-term complications and the management of complications of end stage liver disease. This book is very helpful for the fellows who visit any liver transplantation unit. Most authors write their own experience and protocols followed at their transplant units. This book describes an overall comprehensive review of transplantation techniques and principles practiced in both east and west. The book is completed by the contribution of professionals from three different medical universities in Taiwan and many pioneers from across the world.
