Shock: A Virals Special from G.P. Putnam's Sons By Kathy Reichs, Brendan Reichs

Just in time for the release of the final book in the Virals quintet comes a riveting short story that takes us back to the beginning.

A dazed Tory Brennan steps off the plane in Charleston. Reeling from the recent death of her mother, and nervous about meeting her dad for the first time, she could hardly be less excited at the prospect of starting this new chapter of her life. With its balmy weather and relaxed Southern atmosphere, South Carolina feels like a foreign country compared to Tory's native New England. But her worries begin to fade once she lays eyes on rugged, mysterious Morris Island, and three quirky boys who are as lively and curious as Tory herself. Maybe—just maybe—this new home has something wonderful in store for her after all.

In this glimpse into the world of the Virals before they became Virals, sometimes what seems like an ending is only the start.
